

Meth Mouth and Warty Lesions of the Oral Cavity: Sexually Transmitted or Masqueraders?

Friday
March 24, 2017
9 a.m. - 12:15 p.m.

Cape Fear Valley-Hoke Pavillion
300 Medical Pavillion Drive
Raeford, NC 28376

In affiliation with Duke University Medical Center
Part of the NC AHEC Program

Target Audience

Dentist, Dental Assistants, Dental Hygienist, and Office Staff.

Program Description

This program will discuss the following: Meth Mouth - Methamphetamine is a cheap, easy to make drug with a high that lasts longer than crack cocaine. Its use is on the rise in the U.S. Methamphetamine is a central nervous system stimulant that can cause brain damage. The oral effects are devastating. The speaker will provide the systemic and oral effects of the drug and will address the role of the dental health care team in treating the condition and educating the affected patient.

Warty Lesions of the Oral Cavity - Sexually Transmitted or Masqueraders? This course will cover the many lesions of the oral cavity that have a warty or papillary appearance. There is a wide spectrum of clinical presentations seen with these lesions and this course will address methods of distinguishing the different types from one another, as well as management strategies for the dental team in treating these patients. Many of these types of lesions are caused by various human papillomaviruses and the course will also cover aspects of the new HPV vaccine, as well as patient counseling considerations concerning the infectious nature of some of these lesions.

Objectives

Upon completion of this knowledge based program, the participants will be able to:

- To provide participants with an overview of the power of the addiction of this drug
- To familiarize participants with both the oral and systemic pathologic processes caused by this drug
- To recommend strategies for managing patients with this condition in the dental office.
- To familiarize participants with the great variety of warty or papillary lesions that can be seen in the mouth
- To address the infectious nature of some of these lesions and discuss the role of the dental team in preventing the spread of the infectious types of warty lesions
- To provide recommendations for counseling patients with infectious lesions
- To recommend treatment guidelines for these lesions

Speaker

Valerie Murrah, DMD, MS, UNC School of Dentistry.

For more information on North Carolina Dental CE requirements visit the North Carolina State Board of Dental Examiners (NCXBE) at [http:// www.ncdentalboard.org](http://www.ncdentalboard.org).

The North Carolina Area Health Education Centers are an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP. The North Carolina Area Health Education Centers designates this activity for up to 3.0 hours of continuing education credits.

Disclaimer - Dental Institutions providing dental education have an obligation to disseminate new knowledge related to dental practice. In doing so, some information or presentations may include controversial materials or commercial references. The Southern Regional AHEC office acknowledges that there is potential risk to participants using limited knowledge when incorporating new techniques and procedures into their practices, especially when the continuing education program has not provided them with supervised clinical experience in the techniques or procedures to ensure that they have attained competence. Sponsorship of continuing education courses by the Southern Regional AHEC office does not imply endorsement of a particular philosophy, product or procedure by this institution.

Disclosure - In accordance with the ADA CERP Standard V., everyone involved in planning or presenting this educational activity will be required to disclose any relevant financial relationships with commercial interests and this information will be made available to participants at the start of the activity. As a continuing education provider, the Southern Regional AHEC office is responsible for ensuring the content, quality and scientific integrity of all continuing dental education activities for which credit is provided. The Southern Regional AHEC office is also responsible for taking steps to protect against and/or disclose any conflict of interest of the faculty/instructors presenting those courses.

Substitutes/Refunds/Transfers

Participants who register for the program and are not able to attend, may:

- Send a substitute;
- Cancel 48 business hours before the program and receive a voucher for 100% of the registration fee for use at a future SR-AHEC program; or
- Cancel 48 business hours before the program and obtain a refund for 70% of the registration fee.

Cancellations less than 48 business hours before the program are non-refundable. Participants who register for a program and do not attend will forfeit the full amount of the program registration fee.
