Program Description

Though ethical dilemmas are a common and often vexing aspect of professional practice, few opportunities exist to safely and thoughtfully explore them. This seminar creates such a space. The seminar begins with a review of the sources of dilemmas and systems for categorizing and resolving them. The remainder of the session is devoted to facilitated discussion about group- or instructor-generated dilemmas.

Objectives

Upon completion of this workshop, participants will:

- Identify five sources of dilemmas;
- Explain nine core ethical standards;
- Describe The ABCDE model for ethical decision making;
- Explain Kidder's paradigm for classifying dilemmas;
- Identify creative strategies for solving particular dilemmas; and
- Describe seven resources for continued ethical development.

Fee

\$89.00 if registration and payment are postmarked on or before May 5, 2017; \$99.00 thereafter.
