

## NCCARE360: Coordinated Response To Health Equity and Health Determinants in NC

NCCARE360 is the first statewide coordinated network that unites healthcare and human services organizations with a shared technology platform. NCCARE360 allows healthcare professionals to electronically connect those with identified needs to community resources.

**The purpose of these live webinar activities is to:**

- Share information about NCCARE360 rollout and learn from the expertise of healthcare professionals across the state.
- Build relationships to ensure this initiative will successfully meet the needs of North Carolina communities.

**NINE (9) REGIONAL EVENTS - ALL NINE (9) AHECS**
