

## Let's Talk About the Hype of **Hypertension**, HIV, and Integrative Medicine!

Friday, November 16, 2018  
9 a.m. - 3 p.m.

**Location:**

Southern Regional AHEC  
1601 Owen Drive, Classroom A  
Fayetteville, NC 28304

## Target Audience

Pharmacists and pharmacist technicians

## Program Description

Please join us for “A Day For Updates” that will provide on one of the most common illness which is hypertension, epidemiology of HIV and new treatment options, along with the history of integrative medicine and types of modalities of integrative medicine.

## Objectives

Upon completion of this knowledge-based course, the participant will be able to:

- Discuss the hypertension guidelines for managing/treating patients
- Provide an overview of recommended medications regimes for high-blood pressure
- Identify patient treatment plans for complex patients with hypertension
- Briefly review the epidemiology of HIV in the United States
- List the various classes and agents of antiretroviral therapy
- Describe initial recommended treatment options for most adult patients with HIV
- Recognize common adverse effects and drug interactions associated with the recommended treatment options
- Identify which adult patients would be candidates for pre-exposure prophylaxis (PrEP)
- Summarize recently approved/investigational treatment options for HIV
- Briefly describe the history of integrative medicine
- Discuss integrative medicine in the United States.
- Discuss whole medicine systems and types of modalities of integrative medicine
- Discuss resources for integrative medicine practice including use of dietary supplements
- Describe use of a few dietary supplements, drug-induced vitamin and mineral deficiencies, and herb-drug interactions

### Pharmacists Only

- Describe the role pharmacists can play in integrative medicine practice
